

Bates

THE HANDLE-BAR

CONGRATULATIONS!

You just purchased a rare, 24/7 open, mobile Bates Handle-Bar.
Before mounting, play it safe and clean the interior of the handlebar with hot water.

FEATURES

1. the filler hole
2. the venting hole
3. the tap

EXTRAS

- Pair of white gloves for grease and scratch free mounting
- 3 fuel cups with integrated pin to pour the liquid of your choice (If you are planning a ride-out with more friends you can order additional fuel cups on our website)

1

Open the knurled plug
of the filler hole and...

2

... the venting hole to ensure even filling
of the handlebar.

3

Pour in the liquid of your choice.

4

Now you are ready to ride into the sunset to your favourite spot, where you meet your buddies. Imagine their faces when you “open the bar” to share a few shots. Unforgettable.

5

As the bar keeper you just grab one of the fuel cups with integrated pin and press in the pin of the tab to pour your drink!

ENJOY!

Bates

STUFF FOR EVER
